Why Choose Brother?

A trusted global leader in labelling innovation

For over 30 years, Brother has been at the forefront of labelling technology. Since creating the world's first electronic label printer in 1988, Brother has continued to develop ground-breaking labelling solutions which are renowned for their unsurpassed quality, reliability, and cost-effectiveness.

Today, Brother remains dedicated to those core values while delivering innovations in wireless connectivity and mobile productivity across its broad range of professional labelling solutions.

As a result, Brother labelling offerings aren't just the most dependable solutions in the world, they're also the smartest.

Benefits of Brother Labelling Solutions

See it before you buy it

We are confident that there is a Brother label printer for just about any need, but don't just take our word for it. To ensure that you find the perfect solutions for your business, selected customers can enjoy a free demonstration of our label printers before committing to any purchases.

Maximise your savings

The greatest costs for any labelling solution, is the replacement of faded labels. Brother's laminated label technology results in incredibly durable labels which are protected against liquids, abrasion, heat, chemicals and sunlight, helping to significantly lower your costs and save valuable time.

Easy for anyone to use

With user-friendly menus, print templates and shortcuts, Brother label printers help you create high quality labels with ease. The free Brother iPrint&Label app allows you to effortlessly connect to compatible Brother labelling solutions and start printing labels with just a few taps.

World-class servicing support

All Brother labelling products are backed by our world-renowned service and support which is available free for the life of the product. Additional warranties can also be purchased so you can enjoy the same levels of assurance beyond the standard warranty period.

APPLICATIONS

Electrical & Automation

Brother's labelling range allows electricians and technicians to create professional identification of cables, switch panels, patch panels and distribution boards – all using durable laminated labels that come in different sizes and colours suited to your trade or application.

PT-E550WVP

Heat Shrink Labels

Print high-quality PVC heat shrink tubes for large cable marking jobs. With the Serialised Printing feature, you can connect to your database and automatically print continuous serialised numbering without having to manually key in the entire range.

Automation Panel

PT-300VP

Brother labellers allow you to create incredibly durable labels that minimise errors and speed up troubleshooting. With specialised functions developed to make common industrial labelling tasks quick and easy, you'll not only be leaving a professional impression, but will reduce the time required at each installation.

Warning Signage

Ensure optimal workplace safety with highly-visible warning signages and safety instructions. With Brother label printers and laminated safety labels, you can print durable UV and chemical-resistant warning labels in eye-catching fluorescent yellow or orange.

APPLICATIONS

Telecom & Data Communications

Designed to deliver high-quality, durable laminated labels that withstand abrasions, water, spills, heat, cold and other harsh environments, Brother is the preferred choice for the installation and identification of voice and data cables in the telecom and datacom industry.

Panel Identification

Brother labelling solutions allow you to quickly create a continuous label across a patch panel by simply measuring the centre to centre spacing with a ruler. For larger, multi-location installations, field technicians can also transfer templates from databases.

Structured Cabling

A professionally labelled structured cabling system helps to simplify troubleshooting and ensures compliance with the latest industry standards. With wireless connectivity and award-winning cable labelling apps, Brother P-Touch machines help to dramatically streamline the cable labelling process in the field.

Rack Identifier

PT-E550WP

As the scale of today's telecommunications and data centres grows, so will your need to clearly and reliably label each cabinet and rack. With its fade, temperature and abrasion resistant labels, Brother offers an incredibly durable labelling solution that outlasts the competition.

APPLICATIONS

Manufacturing

Throughout the manufacturing process, labels are subjected to the most extreme conditions. Brother's durable laminated labels remain affixed and clearly legible even when constantly exposed to high-pressure steam, grease and lubricants, abrasion, grit, grime and many industrial solvents.

Tracing Labels

Streamline the traceability of manufacturing lots using QR code labels instead of manually recording the details of each production step. Brother allows you to effortlessly create QR code tracing labels on-demand, making it easy to track manufacturing lot details if faults are reported, and to identify which lots are affected.

Calibration Labels

Ensure the accuracy and precision of your measurement tools to minimise errors and reduce costs. Brother labelling solutions are ideal for creating durable, laminated calibration labels that remind users of the next maintenance date for their precision equipment.

brother Brother

Filter RF014...B/B Part Number: BA 8400960-1-1

Next Maintenance Date: **August 15th, 2015**

Workplace Organisation Labels

PT-P950NW

Eliminate waste in your workflow and reduce downtime across your factory floor. Brother labelling tools make it easy to create professional, long-lasting maintenance, warning and instructional labels, as well as identification labels for your parts and tools to ensure everything in the workplace is well organised and ready to use.

APPLICATIONS

Warehouse & Logistics

Count on Brother's industrial-quality labelling solutions for use in tough warehouse conditions. Tested to resist chemical exposures, extreme temperatures and abrasion, Brother's laminated labels stay secured and legible on even the most challenging of environments.

RJ-4230B

Shipping Labels

Whether you are a small online business owner or a warehouse manager, Brother's range of labelling solutions offer the performance and connectivity options to accurately and effortlessly print high-volume shipping labels on-the-go.

Air Waybills (AWB)

TD-4420DN

Create, edit and print documents that conform to international freight standards. Brother label printers allow you to easily print air waybills that include information about the shipper, the cargo and its destination for effective tracking along the way.

Shelf Management

Prepare your warehouse with shipping, tool crib, safety, bin, and other labels that ensure clear, precise organisation for every shelf. Brother's handheld labelling solutions can be integrated with select asset management tools to import tags from an existing database.

APPLICATIONS

Healthcare & Laboratories

Brother laminated labels are ideal for the healthcare industry where labels are constantly being exposed to chemicals, abrasions, and extreme temperatures. For added security, we offer tamper-evident materials to reveal if a calibration or security label has been meddled with.

Asset Management & Calibration Labels

Keep track of valuable hospital equipment and safeguard their accuracy. Brother labelling solutions help to clearly identify your assets and remind you of servicing and calibration dates, ensuring that all equipment is kept in optimal working condition.

Patient Wristbands

Print clearly-legible patient wristbands and medical labels on-demand and at the point of care. From admissions to the patient's bedside, Brother Patient ID Printing solutions are designed with quality and flexibility in mind.

TD-2130N

Prescription Labels

Printed prescriptions are faster and more legible than handwritten ones, and most importantly, they help to reduce human errors. Brother labelling solutions allow you to print prescription labels with clear instructions on durable labels that resist water and fading.

Health Status Reports

Brother's A4 mobile printers allow paramedics and first responders to print patient details such as blood pressure or test results on the go. These health status reports are vital in helping the hospital's emergency team better understand the current situation before administering further assistance.

PJ-773

APPLICATIONS

Hospitality & Hotel Management

In the fast-paced hospitality industry, Brother's labelling solutions will maximise your operational efficiencies so you can focus on delivering the perfect guest experience. From hotels, to events and dining operations, you can count on decades of renowned reliability and innovation to help you stay ahead of the competition.

Food Safety

Strict regulatory rules mean that Food and Beverage businesses must be able to display expiry labels for food catering, delivery and take-outs, as well as thawing duration labels for frozen food. Brother's flexible and robust food labelling solutions help businesses improve compliance in a highly efficient and cost-effective manner.

QL-820NWB

Name Badges

Create professional-looking name badges on-demand – even without access to a computer. Ideal for trade shows and conferences, Brother labellers allow you to quickly print personalised staff/visitor names, logos and even pictures with minimum fuss.

Receipts

TD-2130N

With Wi-Fi® and Bluetooth® connectivity on compatible Brother labelling solutions, it's easy to wirelessly print receipts from iOS®, Android™ or Windows® Mobile operating systems. What's more, a computer connection lets you save time and increase accuracy by printing directly from Microsoft® SQL Server® or Excel® database files.

APPLICATIONS

Public Safety & Emergency Services

Public safety and emergency service professionals require intuitive and easy-to-use mobile printing solutions that aid them in their jobs. Most of all, these solutions must be robust, portable, and extremely reliable to handle the tough operating conditions out in the field.

PJ-773

Citations and Fines

Quickly and reliably print full-page or smaller format citations, labels, and more. With wired and wireless options available, Brother mobile printing solutions come in various mount configurations designed for in-vehicle and carry scenarios.

RJ-4230B

Crash and Incident Reports

The ability to produce crash and incident reports in the field not only saves emergency and law enforcement professionals time, but also ensures maximum accuracy. Using thermal printing technology, you'll never have to worry about inconsistent print results or ink supplies running out.

Patient Reports

Brother's range of compact and portable printers with optional battery for mobile operations allow emergency service professionals to print patient reports on-the-go. With the ability to print documents in sizes up to A4, there's always a Brother solution to suit your hospital's criteria.

PJ-773

APPLICATIONS

Field Operations

From on-location maintenance to pest management, the need for mobile printing in the field is growing. Brother mobile printing solutions provide extremely reliable portable printing and labelling solutions with effortless wireless connectivity for sales and service professionals on the go.

Maintenance Reports

Writing lengthy maintenance and repair reports in the field can be a tedious and time-consuming affair. Brother mobile printing solutions are built to withstand the harsh demands of field service work, allowing you to quickly and accurately generate reports directly from your mobile devices.

PJ-773

Route Accounting

Designed to reduce shrinkage, minimise errors, and better manage inventory, Brother's compact, wireless and rugged mobile printing solutions will help you to effortlessly generate sales receipts, customer invoices, new order documents and more – wherever and whenever they are needed.

RJ-4230B

Pest Control Documents

PJ-773

Extend the productivity of your entire pest control fleet with Brother's mobile printing solutions. Our compact and field-tested wireless thermal printers are ideal for printing full page inspection reports, as well as bait mapping and compliance documents onsite.

APPLICATIONS

General Business Applications

Packed with the latest technologies and innovations, Brother labelling solutions help global businesses and organisations alike to quickly and efficiently create versatile, durable and cost-effective labels for a wide range of needs.

QL-820NWB

Visitor Management

Make the perfect first impression for visitors to your office, school, event or seminar with professionally printed visitor badges. Brother labelling solutions work seamlessly with third-party software providers to create labels that help to easily register, track and identify visitors.

For a FREE software trial, visit sine.co/brotherau

Full Colour Labelling

Brother's first full colour, compact label printer uses cutting-edge technology to guarantee a professional, full colour finish on every bespoke project that needs personalisation. Whether it's for organising the office or labelling your product offerings, projects can be completely customised to your requirements in a high gloss, photo finish.

File and Folder Identification

Available in a wide range of widths and colours, and laminated to resist the wear and tear of handling over the years, Brother label tapes are perfect for identifying the contents of file folders, archive files, filing cabinets, or even USB flash drives.

Asset Tags

Effortlessly identify every asset in your organisation by creating professional and easy-to-apply asset labels. Brother's range of label printers and durable laminated labels help businesses quickly and effectively label IT equipment and other assets with clear and lasting details.

Corporate Solutions

Whatever your needs may be, Brother has the answer. As a leader in labelling and printing innovation, Brother offers a broad range of laminated, thermal and mobile solutions for customers in the healthcare, professional services, retail, hospitality, government sectors, and more.

Laminated Solutions

Designed for ultimate durability, Brother TZe labels are protected by seven layers of clear laminated film to provide an incredibly robust finish. Brother's laminated solutions are ideal for applications that are exposed to abrasion, extreme temperatures, water, chemicals and sunlight.

Thermal Solutions

With no ink, toners or drums to replenish, and minimum maintenance requirements, Brother's thermal labelling and mobile printing solutions offer greater reliability, cost-efficiency and unmatched versatility for today's businesses.

Mobile Solutions

Empower your business with the ability to print high quality documents anytime, anywhere. Brother's range of sleek and lightweight printers fit easily into briefcases or backpacks, and can be powered by rechargeable batteries, AC adapters or even vehicle power adapters.

PORTABLE THERMAL PRINTING SOLUTIONS

Brother **PJ-773 (bundle pack)**

Compatible with Apple devices, the PocketJet-773 is your reliable productivity partner, in or out of the office.

- USB, Wireless & Wi-Fi Direct
- AirPrint, Google Cloud Print, Mopria, iPrint&Scan and Brother Print Service capability
- High quality 300 DPI print resolution
- Uses A4 cut sheet thermal paper or thermal continuous length rolls
- ESC/P and Brother command modes
- Direct thermal printing – no ink or toner required
- Ideal for in-car solutions with optional car mount kit and multiple choices of power available
- Compatible with iOS® 4.3 or later* Windows XP/ Vista/ 7/8/10, Mac, Android operating systems

Brother **PJ-762 (bundle pack) / PJ-763 (bundle pack)**

An A4 portable, direct thermal printing solution with Bluetooth connectivity, the PocketJet-762 and 763 will help you achieve greater productivity.

- USB & Bluetooth
- High quality print resolution - 300 DPI (PJ-763) or 203 DPI (PJ-762)
- Uses A4 cut sheet thermal paper or thermal continuous length rolls
- ESC/P and Brother command modes
- Direct thermal printing – no ink or toner required
- Ideal for in-car solutions with optional car mount kit and multiple choices of power available
- Compatible with Windows XP/Vista/7/8/8.1/10, Mac OS X, and Android operating systems

Brother **PJ-763MFi (bundle pack)**

With a Bluetooth (MFi certified) interface and high quality print resolution, the PocketJet-763MFi is the great enabler for users needing Bluetooth connectivity for their Apple devices.

- USB & Bluetooth (MFi certified)
- High quality 300 DPI print resolution
- Uses A4 cut sheet thermal paper or thermal continuous length rolls
- ESC/P and Brother command modes
- Direct thermal printing – no ink or toner required
- Ideal for in-car solutions with optional car mount kit and multiple choices of power available
- Compatible with Windows XP/Vista/7/8/8.1/10, Mac OS X, iOS and Android operating systems. App required

Brother **PJ-722 (bundle pack) / PJ-723 (bundle pack)**

For direct thermal printing in any environment, the PocketJet-722 and 723 gets the job done anywhere, anytime.

- USB
- High quality print resolution - 300 DPI (PJ-723) or 203 DPI (PJ-722)
- Uses A4 cut sheet thermal paper or thermal continuous length rolls
- ESC/P and Brother command modes
- Direct thermal printing – no ink or toner required
- Ideal for in car solutions with optional car mount kit and multiple choices of power available
- Compatible with Windows XP/ Vista/ 7/8/10, Mac OS X (USB) operating systems

PJ-7 Range

NB: PJ bundle packs include the device with rechargeable Li-ion Battery, AC adapter and A4 thermal paper. Optional accessories available: vehicle mounts, in-car charger, printer cases.

MOBILE PRINTING SOLUTIONS

Brother **RJ-4230B / RJ-4250WB**

With innovative features for emerging applications, you'll find the RJ-4000 series is a 'one machine fits all' solution.

- USB, Serial, Bluetooth and MFi (RJ-4230B)
- USB, Serial, Bluetooth, MFi and WiFi (RJ-4250WB)
- Fast print speed of 127mm/ sec (5 IPS)
- Tough construction - IP54 certification and 2.1m
- 104mm/ 4" sized paper and label printer
- ZPLII and ESC/P emulation
- Up to 3 metres print length

Brother **RJ-2140 / RJ-2150**

For a completely mobile label and receipt printing solution, the latest editions to the RJ family will help increase efficiency across a variety of vertical market applications.

- AirPrint, USB & Wi-Fi (RJ-2140)
- AirPrint, USB, Bluetooth 2.1 (MFi Certified) & Wi-Fi (RJ-2150 only)
- Super-fast print speed of 152mm/ sec
- Tough construction - IP54 certification and 2.5m drop protection
- Up to 1m print length
- LCD display
- ZPLII, CPCL and ESC/P emulation
- 54mm maximum receipt print width and 54mm maximum label print width

Brother **RJ-3050 / RJ-3150**

For a compact, ergonomic and lightweight print solution, the RJ-3000 series is your portable productivity partner.

- AirPrint, USB, Bluetooth & Wi-Fi
- Fast print speed of 127mm/ sec (5 ips)
- Tough construction - IP54 certification and 1.8m drop protection (RJ-3150) or 1.2m drop protection (RJ-3050)
- 80mm maximum label width
- Integrated Automatic Label Peeler (RJ-3150)
- Full colour LCD display (RJ-3150)
- ZPLII and ESC/P emulation
- Up to 1m print length

Brother **RJ-2030 / RJ-2050**

The latest additions to the RJ family provide impressive print speeds and rugged build for receipt printing to fit the requirements of a wide range of vertical market applications.

- Super-fast print speed of 152mm/ sec
- Tough construction - IP54 certification and 2.5m drop protection
- AirPrint, USB & Bluetooth 2.1 (RJ-2030)
- AirPrint, USB, Bluetooth 2.1 (MFi Certified) & Wi-Fi (RJ-2050)
- Up to 1m print length
- LCD display
- ZPLII, CPCL and ESC/P emulation
- 54mm maximum receipt print width

SPECIALIST LABELLING SOLUTIONS

Brother [TD-2020](#) / [TD-2120N](#) / [TD-2130N](#)

Bridge the gap between desktop and mobile printing with these compact, versatile and efficient label and wristband printers.

- Super-fast print speed of 152mm/second
- Prints up to 56mm wide RD labels
- Powerful Windows™ barcode label design print software application included
- Print from various operating systems/software using Brother ESC/P printer language (ZPLII emulation compatible)
- Build the printer to your requirements with various additional options (TD-2120N / TD-2130N)
- Reduce worker downtime with the battery powered option which can be wirelessly connected to mobile print stations reducing back office print runs (TD-2120N / TD-2130N)
- Print wirelessly from smartphones, tablets and PCs with Wi-Fi and Bluetooth options (TD-2120N / TD-2130N)
- Includes AC Adaptor

Direct Thermal

Brother [TD-4550DNWB](#) [/ TD-4550DNWBP](#) [/ TD-4550DNWBC](#)

Industrial Direct Thermal, Label and Receipt Printer with barcode printing capabilities and cutter or label peeler options.

- USB, Bluetooth 4.2, Wired Network, Wi-Fi & Dual Wireless Radio Band
- AirPrint
- Accepts up to 108mm wide labels
- 300dpi resolution
- Print speed of 152mm/second
- Powerful barcode label design software included
- Design, upload and print pre-designed label templates
- Print from various operating systems/software using Brother ESC/P printer language (ZPLII emulation compatible)
- Automatic label peeler (TD-4520DNWBP only)
- Automatic label cutter (TD-4520DNWBC only)
- Print from non-Windows applications via the USB, serial and Ethernet interfaces using ESC/P emulation or ASCII data
- Effortless integration into existing and future workflows with Bpac, SDK's and PDF Crop Tool
- Easy extensibility with third party add on compatibility
- Includes AC Adaptor and USB cable
- Compatible with BarTender

Brother [TD-4420DN](#) [/ TD-4420DNP](#) [/ TD-4420DNC](#)

Industrial Direct Thermal, Label and Receipt Printer with barcode printing capabilities and cutter or label peeler options.

- USB and Wired Network
- Accepts up to 108mm wide labels
- 203dpi resolution
- Print speed of 203mm/second
- Powerful barcode label design software included
- Design, upload and print pre-designed label templates
- Print from various operating systems/software using Brother ESC/P printer language (ZPLII emulation compatible)
- USB and serial interfaces for optimised Windows printing
- Automatic label peeler (TD-4420DNP only)
- Automatic label cutter (TD-4420DNC only)
- Print from non-Windows applications via the USB, serial and Ethernet interfaces using ESC/P emulation or ASCII data
- Effortless integration into existing and future workflows with Bpac, SDK's and PDF Crop Tool
- Easy extensibility with third party add on compatibility
- Includes AC Adaptor and USB cable
- Compatible with BarTender

Thermal Transfer

Brother [TD-4520TN](#) [/ TD-4520TNP](#) [/ TD-4520TNC](#)

Industrial Thermal Transfer, Label and Receipt Printer with high resolution, barcode printing capabilities and cutter or label peeler options.

- USB and Wired Network
- Accepts up to 127mm wide labels
- 300dpi resolution
- Print speed of 152mm/second
- Powerful barcode label design software included
- Design, upload and print pre-designed label templates
- Print from various operating systems/software using Brother ESC/P printer language (ZPLII emulation compatible)
- Automatic label peeler (TD-4520TNP only)
- Automatic label cutter (TD-4520TNC only)
- Print from non-Windows applications via the USB, serial and Ethernet interfaces using ESC/P emulation or ASCII data
- Effortless integration into existing and future workflows with SDK's
- Includes AC Adaptor and USB cable
- Compatible with BarTender

Brother [TD-4420TN](#) [/ TD-4420TNP](#) [/ TD-4420TNC](#)

Industrial Thermal Transfer, Label and Receipt Printer with barcode printing capabilities and cutter or label peeler options.

- USB and Wired Network
- Accepts up to 108mm wide labels
- 203dpi resolution
- Print speed of 152mm/second
- Powerful barcode label design software included
- Design, upload and print pre-designed label templates
- Print from various operating systems/software using Brother ESC/P printer language (ZPLII emulation compatible)

- Compatible with BarTender

LABEL PRINTERS, P-TOUCH & QL

Brother [PT-P900W](#) / [PT-P950NW](#)

Professional PC labelling machines with advanced labelling functions.

- USB, Serial, Bluetooth, Wired Network & Wi-Fi (PT-P950NW)
- USB, Serial & Wi-Fi (PT-P900W)
- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- 60mm/second print speed
- Prints 3.5, 6, 9, 12, 18, 24 and 36mm tape
- Optional touch panel with backlit LCD for standalone printing (PT-P950NW)
- Supports over 15 popular 1D & 2D barcode protocols
- Includes AC adaptor with an optional Li-Ion battery
- Includes free P-Touch Editor label design software with barcode print capability
- Now available with BarTender drivers

Brother [PT-D800W](#)

A professional wireless labeller ideal for a variety of environments.

- USB, Bluetooth & Wi-Fi
- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- Graphic display and keyboard
- Fast print speed, 60mm per second
- Prints 3.5, 6, 9, 12, 18, 24 and 36mm tape
- Improved print height at 32mm on 36mm tape
- Compatible with Brother Mobile Apps
- Includes AC Adaptor and an optional Li-Ion battery
- Integrated carry handle and tape storage area perfect for those on the go
- Includes free P-Touch P-Touch Editor label design software with barcode print capability

Brother [PT-P750W](#)

Desktop labeller with NFC tap to print with Brother iPrint & Label App.

- USB, Wi-Fi, Wi-Fi Direct & NFC
- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- Prints 3.5, 6, 9, 12, 18 and 24mm tape
- PC-Connectable labeller requires no software installation
- Easy to share with others
- Automatic tape cutter
- Tape colour and type detection
- Includes free P-Touch P-Touch Editor label design software with barcode print capability

Brother [PT-P700](#)

Plug and Print labeller (USB Connection).

- USB 2.0
- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- Prints 3.5, 6, 9, 12 and 24mm tape
- PC-Connectable labeller requires no software installation
- Automatic tape cutter
- Easy to share with others
- Tape colour and type detection
- Rechargeable battery
- Includes free P-Touch P-Touch Editor label design software with barcode print capability

Brother P-TOUCH CUBE [PT-P710BT](#)

This sleek and compact Bluetooth label printer allows you to print labels directly from Brother Design&Print or iPrint&Label apps on your mobile device, meaning you can print a label from just about anywhere.

- Bluetooth and USB
- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- Prints 3.5, 6, 9, 18 and 24mm tapes
- Prints using Brother Design&Print app and iPrint&Label app
- High print resolution for labels with graphics, clip art and fine text
- Features print-ready templates and frames
- Long-life Li-ion battery included
- Includes free P-Touch Editor label design software with barcode print capability

Brother [PT-E550WVP](#)

Wireless industrial handheld labelling.

- USB & Wi-Fi Direct
- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- Prints 3.5, 6, 9, 12, 18 and 24mm tape
- Large back lit LCD graphic display
- One touch function keys for general/heat shrink, faceplate, cable wrap, flag, patch panel and punch down block
- 384 symbols, 7 frames and barcodes for electrical, datacom, AV, security and safety industry
- Includes re-chargeable battery, adaptor, carry case
- Compatible with Heat Shrink tube tape for labelling new cables
- Brother Apps for Android / IOS
- Includes free P-Touch Editor label design software with barcode print capability

Brother [PT-E300VP](#)

Industrial labelling machine with heat shrink tube tape.

- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- Prints 3.5, 6, 9, 12 and 18mm labels
- Large back lit LCD graphic display
- One touch function keys to easily create labels
- 384 symbols, 7 frames and barcodes for electrical, datacom, AV, security and safety industry
- Includes hard carry case, power adaptor, 18mm tape and Li-ion battery
- Compatible with Heat Shrink tube tape for labelling new cables

Brother [PT-E110VP](#)

Portable labeller ideal for Electricians/Tradesmen.

- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- Prints 3.5, 6, 9 and 12mm tape
- Large back lit LCD graphic display
- Cable wrap/ Cable flag function
- 200 symbols and barcodes for electrical, datacom, AV, security and safety industry
- Includes hard carry case, power adaptor and 9mm tape

TZe tapes - Industrial

TZe tapes - Office & Lab

Brother [PT-D600](#)

A versatile standalone or PC/Mac connectable label printer.

- USB
- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- Large high resolution colour display
- Automatic tape cutter
- Prints 3.5, 6, 9, 12, 18 and 24mm tape
- Includes AC adaptor
- Wide and easy to use QWERTY keyboard
- 14 fonts with 11 styles and over 600 symbols
- Includes free P-Touch Editor label design software with barcode print capability

Brother [PT-D450](#)

A versatile standalone or PC/Mac connectable label printer that's exclusive to the channel.

- USB
- Prints on durable TZe laminated tape, perfect for indoor and outdoor use
- 4 fonts with 11 styles
- Prints 3.5, 6, 9, 12 and 18mm tape
- Up to 5 line printing
- Manual tape cutter
- Large 20 character 2 line display with preview key
- Includes AC adaptor
- Includes free P-Touch Editor label design software with barcode print capability

Brother [QL-1100](#) / [QL-1110NWB](#)

Robust, super-fast label printers providing professional results in wide-format.

- USB 2.0
- AirPrint, USB, Bluetooth 2.1, Wired Network & Wi-Fi (QL-1110NWB only)
- Fast print speed - 69 labels per minute
- Prints die cut labels or continuous rolls up to 102mm wide
- Automatic label cutter
- High-quality 300 DPI resolution printing ideal for logos and graphics
- Includes free P-Touch Editor label design software with barcode print capability
- Software Development Kits (SDKs) for Windows, iOS and Android

Brother [QL-800](#) / [QL-810W](#) / [QL-820NWB](#)

Brother's unique range of professional label printers can print both black and red text.

- Super-fast print speed - 93 labels per minute (QL-800) or 110 labels per minute (QL-810W and QL-820NWB)
- Black and red text label - requires DK-22251 roll
- USB 2.0 (QL-800 only)
- AirPrint, USB & Wi-Fi (QL-810W)
- AirPrint, USB, Bluetooth 2.1, Wired Network & Wi-Fi (QL-820NWB only)
- Prints die cut labels or continuous rolls up to 62mm wide
- Automatic label cutter
- High-quality 300 x 600 DPI resolution printing ideal for logos and graphics
- Plug and Play (QL-810W)
- Includes free P-Touch Editor label design software with barcode print capability
- Software Development Kits (SDKs) for Windows, iOS and Android
- Optional Li-Ion battery for printing way from power sources (QL-810W and QL-820NWB only)

QL-800 Series

Brother [QL-700](#)

Brother's fastest PC/Mac professional label printer that prints labels up to 62mm wide.

- USB 2.0
- Super-fast print speed - 93 labels per minute
- Automatic label cutter
- Easy to use drop in rolls
- Plug and print feature
- Label Collection features pre-designed labels for files, signage etc. in P-Touch Editor
- Die cut labels or continuous rolls
- High-quality 300 x 600 DPI resolution printing ideal for logos and graphics
- Includes free P-Touch Editor label design software with barcode print capability
- Software Development Kits (SDKs) for Windows, iOS and Android

Brother [VC-500W](#)

Bring your labels to life with this compact full colour label printer - using cutting-edge technology to guarantee a professional, full colour finish on every bespoke project you want to personalise.

- High-quality 313 DPI print resolution ideal for logos, photos and graphics
- AirPrint, USB and Wi-Fi
- Prints 9, 12, 19, 25 and 50mm rolls
- Includes AC adaptor
- Customise every detail using Brothers's Color Label Editor mobile app or the FREE P-Touch Editor label design software
- PC/Mac connectable
- Automatic full and half cutter
- Uses Zink Zero Ink Technology
